Advanced Energy Transportation		Course Description	
<i>Catalog Year: 2024, Required Hours: 240, Credits: 8</i>			
Foundational Courses (Required Hours: 240, Credits: 8)			
<i>Advanced Energy Transportation (Required Hours: 0)</i>		Credits	Hours
TEEG 1100	Energy Transportation Practicum	8.00	240.00
<p>The Energy Transportation Practicum course will teach students how to safely transport live loads, identify different types of long combination vehicles (LCV) and the coupling and uncoupling process of LCV. The student will experience the loading and unloading process on simulated and or live production sites and will be introduced to the basic principles and processes of buying oil. Students will receive training to test for the required hazmat endorsement.</p>
